Christel House®
International

Christel House helps over 3000 children around the world break the cycle of poverty, realize their hopes and dreams, and become self-sufficient, contributing members of society.

The centers in India, Mexico, South Africa, Venezuela and the United States provide a challenging curriculum, instill universal values, encourage personal accountability and teach social responsibility and good citizenship.

As a result, the generations that follow will benefit from the Christel House focus on child, family and community. One-hundred percent of cash contributions are utilized for programs and services directly benefiting the children.
